

ALL-WEATHER®

Quik Detect™ Tail Paint

Product Training

Quick Detect™

All-Weather Quik Detect provides a fast and economical way to mark dairy and beef cattle. The high-visibility colors are long lasting and easily seen on all colors of cows.

The special oil-based paint formula is quick drying and long lasting and works well in all environments.

ALL-WEATHER®

Quik Detect™ - Quik Facts

More Paint Laydown

- More distinct marking

More Durability

- Marks last longer
- Perfect for large herds to improve marking efficiency
- Easily placed onto wet hair
- Works under misters, sprinklers, and wet conditions
- Excellent removal with mounting activity

More Opacity

- Fluorescent, easy to identify marks

Inverted Cap

- Specialized nozzle for increased paint volume and control

Quik Detect® vs Quik Shot® – Quik Product Comparison

- Quik Detect is a premium version of our livestock marking aerosol paint.
- It is in addition to our current Quik Shot – we will offer both versions of our aerosol paint
- Offers customers options based on their marking preference and needs
- Quik Detect is more durable and may be used for longer term marking as well as heat detection
- Works well in wet environments and under misters
- Quik Shot paint is lower priced and is great for general marking
- Quik Detect 4 colors – Orange, Pink, Blue and Green
- Quik Shot 6 colors – Orange, Pink, Blue, Green, Black & Red
- Both Products are the same size

* Should be tested first to determine suitability
